Once the workshop departs, our priority will be the experience of those on the tour and it may be very logistically complicated to impossible for us to assist you in departing before the trip is complete. Therefore, you are responsible for considering, and discussing with us, any relevant health risks that could impact your experience or the experience of others in the workshop, so that we can decide together whether this workshop is the right choice for you and so we can make all reasonable attempts to accommodate you. If you choose not to inform us of these issues before registering and they impact your well-being or the well-being of others traveling with us, we reserve the right to cancel the duration of your StormLab trip without a refund and require that you manage your own departure logistics and means from our location at that time, at your own expense.

AGE LIMITS:

In order to participate, you must be at least 18 years of age, or for minors 16 years of age or older, you must be accompanied by a legal guardian. This will be provided to you electronically once you register, and must be signed by the legal guardian accompanying the minor.

NO GUARANTEE OF WEATHER:

Weather can be unpredictable and we make no guarantee that storm systems producing severe weather, severe weather, or tornadoes will occur during a workshop's timeframe. No guarantees are made regarding tornado sightings or storm severity. No refunds will be provided regardless of weather encountered during the workshop.
